

The Creation Museum – Fact Sheet

The Answers in Genesis Creation Museum has gone to great lengths to maintain high levels of quality and craftsmanship. An army of volunteers and staff has created a \$27 million high-tech masterpiece that, according to museum designer Patrick Marsh - creator of the King Kong and Jaws exhibits at Universal Studios - is on par with similar projects that have twice the budget. Highlights include:

- ✦ Family-friendly exhibits featuring 130 static and animatronic figures (humans, animals and dinosaurs)
- ✦ Fifty-two videos offering dynamic, live-action educational footage
- ✦ Indoor waterfalls and soaring cypress trees
- ✦ A special effects theatre providing a visual thrill-ride through the “Seven C’s of History”
- ✦ A top-flight planetarium, called the Stargazer’s Room, centered around a state-of-the-art Digistar® color projector
- ✦ A mini-Grand Canyon exhibit with video evidence from the Mount St. Helens’ eruption that, according to AiG officials, shows that it does not take millions of years to form huge geologic features
- ✦ The Dino Dig Site presenting videos of a Christian paleontologist explaining the biblical view of fossils
- ✦ A cave where real stalactites and stalagmites grow, showing they do not require millions of years for formation
- ✦ Noah’s Café, offering food and fellowship with a Noah’s Ark theme
- ✦ On-site classrooms available for school and church groups
- ✦ Two miles of nature trails zig-zagging around a three-acre lake
- ✦ A first rate geologic collection of minerals and pristine fossils
